May-June

### 5th Grade

FILM: Sustainable Ecosystems  
November-December

**Side x Side** ignites academic excellence in education through comprehensive arts integration, bringing critical thinking, creativity, and innovation into the classroom through arts-based programs. Through community partnerships with the University of Southern Maine, the Portland Public School Department, and local artists, professionals, and colleges, we integrate science, technology, literacy, and the humanities with the arts to enhance school curriculum.

*Side x Side programs are funded by the US Department of Education through an AEMDD grant.*
